Rooted in Austin, Owned by You

Tanya Carney
General Manager

October is National Co-op Month, and it's a perfect time to celebrate. The harvest is in, the shelves are filling with squash, apples, and Texas pecans, and we're reminded of what makes Wheatsville special: the people who shop here are the people who own it. So first, thank you. You're not just a shopper. You're an owner, and every choice you make here helps build a food system that is local, fair, and rooted in our community.

More Than a Grocery Store

Since 1976, Wheatsville has been Austin's community-owned grocery store. When you became an owner, you joined nearly 30,000 neighbors in something bigger than a trip down the aisles. Every owner has an equal voice and an equal vote, and we answer to you.

Together, we made a real difference this year:

\$90,000

purchased from local farmers

\$1.6 million

in organically grown produce sold

\$51,000+

raised at the registers for our Community Action partners

When you buy local, more of your dollar stays right here in Central Texas. That's the cooperative difference at work!

Reflecting on the Year

What a year it's been! Together, we raised over **\$350,000** in investments and donations from owners and growing, welcomed **363** new owners, and celebrated Wheatsville's 50th anniversary with an epic music-and-food-themed rasslin' match.

There were bittersweet moments too, including the upcoming closure of our beloved Guadalupe location and the pressure of rising food costs. Thank you for your patience, understanding, and loyalty. Owners who show up for their co-op, even when things get complicated, are what make us resilient.

What We're Looking Forward To

The year's not over & we still have a number of things we can't wait for. Here's a peek:

With Gratitude

When people come together around shared values, remarkable things grow. Thank you for choosing good food, supporting local farms, and investing in the community we share.

Wishing you a warm, nourishing season full of good meals and the people you love. We're proud to share it with you as neighbors and as owners.

With appreciation and cooperation,

Tanya Carney
General Manager

A Goodbye to our Guadalupe Home, & A Call to Carry Wheatsville Forward

Dear owners, neighbors, and friends -

With heavy hearts, we share that the Wheatsville Guadalupe store will close its doors on October 25th.

For five decades, Guadalupe has been one of Wheatsville's homes. It's where generations of Austinites learned what it means to own their grocery store, and where students, artists, longtime neighbors, and local producers found a place to belong. Every conversation in the aisles and every familiar face at the register made this corner of Austin feel like a community, not just a store.

This decision was not made lightly. Rising occupancy costs, declining sales, and uncertainty about our ability to operate through the anticipated construction along Guadalupe have made it extremely difficult to keep this store sustainable. Your board and management weighed every option, and we are grateful for the care and creativity so many people brought to that effort.

Wheatsville is Not Going Away

Our South Lamar store remains open and ready to serve as a hub for our co-op community. The values that made Guadalupe special (local food, amazing staff, and democratic ownership) live on in every owner who believes in them, shares them, and shops at South Lamar.

We ask all of you to keep strengthening and supporting Wheatsville through this difficult transition. Shopping at South Lamar, staying engaged as an owner, and spreading the word about what a co-op can be will all help carry us forward. Operating as a one-store co-op for now will strengthen our finances and position us for future growth. We don't know what that looks like right now, but we want to be ready when the right opportunity and time comes along.

What Happens Next?

- The Guadalupe store remains open through **October 25th**.
- Our Guadalupe team is winding down inventory and preparing to transition to South Lamar.
- We continue to raise funds to cover the very real short-term costs of closing the store and to invest in South Lamar's future.
- We'll spend the rest of the year focused on the holidays at South Lamar and on removing equipment at Guadalupe to turn over the property at the end of the year.
- Questions can be sent to info@wheatsville.com or invest@wheatsville.com.

Join us to say goodbye, and to move Mangiasaurus?!

A moment this big in Wheatsville history deserves an equally big celebration. Since we announced the closing, one question has come up more than any other: what will happen to Mangiasaurus, the beloved Godzilla-like figure who has watched over our rooftop? Mangia is so much more than a skyline icon. He stands for keeping Austin weird, for resilience, and for the idea that old Austin lives on in our ever-growing city. Local artist Dale Whistler created him in 1999. He was restored after being vandalized, honored with his own Mangiasaurus Day on October 25, 2004, and moved atop Wheatsville in 2007. Mangia is part of our community, and he will keep watch over our future.

So where is he headed? We plan to bring him to live in our South Lamar produce department! Moving dinosaurs across town isn't our usual line of work, so it's been wild sorting out the logistics. Mangia will be craned down and moved to his new home at 10am on October 25th, our last day at Guadalupe. We cordially invite you to join us in witnessing his journey!

Thank you for every cart filled, every shared smile, and every act of generosity that formed the foundation of this store. You built it, and what you built will continue.

With love and gratitude,
Wheatsville Food Co-op GM & Board

it's wheatsville election time!

I am writing this as my 9 years of being a board member and the Owner Engagement Committee chair are coming to a close. It has been an honor to serve and I look forward to our co-op as it stabilizes, re-imagines itself and continues to be a connecting cornerstone in the Austin community. I will forever be a champion for connecting owners to their co-op and I want to share two easy ways to exercise your Wheatsville owner rights and responsibilities.

Number #1:

Please come to the annual Fall Owner Gathering (FOG) being held on Saturday, October 17th from 11-12:30 pm in the Bluewillow Lounge at South Lamar. Learn about the state of our co-op's finances, our challenges, successes and goals for the upcoming year. We will hear from the board candidates and have an opportunity to meet with some of the organizations running to become one of Wheatsville's Community Action Partners (CAP). If you don't know, the organizations that get the most votes will receive donations from the rounding up at checkout during their designated month.

And of course, we will enjoy some Wheatsville treats. Attending the annual meeting is a great way to stay informed and be involved with your co-op, which, for this popcorn tofu lovin' gal, are noble owner responsibilities.

Number #2:

VOTE in the Wheatsville election starting on October 17th. The ballot will have the board candidates and the Community Action Partners. Not only can you vote in Wheatsville's election, but early voting for the national election begins on October 19th. The Bluewillow Lounge is a polling station, so you can rock co-op and civic duty all at once.

And BONUS:

The board will be holding New Owner Orientations throughout the year for new and existing owners to build and grow our co-op community. All the ins and outs of ownership will be discussed as well as sharing some good Wheatsville stories and history. So keep an eye out for these events! Lastly, thank you for allowing me to serve our beloved Wheatsville Food Co-op.

Peace, Love and
Cooperation,

Merigayd
Board Member

Meet Our Candidates!

Wade Powell Incumbent

Hi, I'm Wade Powell. I'm a wildland firefighter, restoration ecologist, and proud public employee. I have been a member of the cooperative since the early twenty-teens but first became familiar with it as a shopper for the House of Commons Co-op when I moved to Austin in 2007. I have been in love with the cooperative model since I first learned about it.

I want to help our members shape the cooperative economy in Central Texas for years to come working within Wheatsville and in the community beyond. I'd like to expand access to Wheatsville to more diverse shoppers and neighborhoods, expand ownership to more existing shoppers, and access to the board and volunteerism to more existing members. My first year on the board has taught me so much, and I hope you'll consider reelecting me as we work

through these critical years ahead for our co-op.

Brianna Menard Incumbent

For more than a decade, Wheatsville has been my grocery store, my community, and a place where I can put my money where my values are. Serving on the Board of Directors these past few years has given me an even deeper appreciation for the people and principles that make our co-op possible. Wheatsville has served me for more than ten years, and I'm proud to serve our co-op community in return.

Professionally, I serve as Director of TEXPAC and Political Education at the Texas Medical Association, and I've spent more than a decade working in public policy, nonprofit leadership, and community advocacy. That experience has strengthened my belief in the power of people and the good that comes from building community. I'm grateful for the opportunity to serve a second term and continue supporting Wheatsville's future as a thriving, independent, community-owned business that makes Austin a better place to call home.

Where We Go From Here

Brandon Hines
Wheatsville Board President

I have been walking through the doors at 3101 Guadalupe since 1991. Before long I will walk through them for the last time. I have known this day was coming for more than two years, and I am still not ready for it.

At the end of December our lease runs out. Wheatsville will close the Guadalupe store. We have talked a great deal about why. With the weeks we have left, I would rather talk about what that store gave us and where we take it from here.

Guadalupe opened in 1981, after volunteers took sledgehammers to the old meat locker to get the building ready. A lot has happened under that roof since. The arts festival started in the parking lot in 1983 with seventeen artists. Popcorn tofu was invented there in 2003.

A giant green dinosaur found refuge on the roof. Marching bands have wound through the aisles, and this past spring we celebrated the co-op's fiftieth birthday with veggie wrestling in the parking lot.

In the spring issue, many of you wrote love letters to Guad. People met their spouses in the aisles. Guad gave rise to many careers. Grandchildren were introduced to the co-op.

Guadalupe launched a legacy. All the memories as well as the ambition that launched our South Lamar location. There is still time for a few more memories. We are planning some events to give

Guad a proper send-off. Keep an eye on the Wheatsville calendar. I hope to see you there.

Thank you to owners and Wheatsville staff for forty-five years at Guadalupe, and for everything we will carry forward at South Lamar.

Wheatsville Board President

Staff Feature

Rita Daily
Marketing Mastermind

Where are you from and how long have you been at Wheatsville?

Born & raised in Austin! I started at Wheatsville about 2.5 years ago after a 10 year stint with Central Market as their Art Department Manager.

What's your sign?

Leo technically, but if you ask me the Virgo vibes are strong.

What's your favorite restaurant in town?

Depends on the day, the mood, and the genre... but Bouldin Creek is a staple. Loro is absolutely killin' it too. Their happy hour is what's up.

What is one of your favorite hobbies?

Cosplay! I love doing renfair costumes specifically- and I get intense with it. You should see my Orc fit. I'm also pretty obsessed with ceramics these days - catch me at some markets around town!

What's your go-to karaoke song?

Oh, geez. Anything Aretha Franklin, Adele, etc. I like to belt it out!

What's something people don't know about you?

I used to be in a Bluegrass band, noise band & doom metal band.

If you could instantly master one skill, what would it be?

Not sure if it's a skill exactly, but sign language. I've always found it really neat.
